This is your final project for Stage Makeup.

Choose any of the animals you have already done in class, or choose a new one, or design a fantasy makeup (this must be approved). For class on Thursday, December 8, you will design a new face sheet, and will practice that animal or fantasy makeup in class. Based on feedback in class, revise that face sheet. (Both face sheets are separate grades)

On Tuesday, December 13, you will execute your final animal project. You will have an hour and twenty minutes to complete the makeup, followed by a critique. All members of class are expected to actively participate in the critique.
